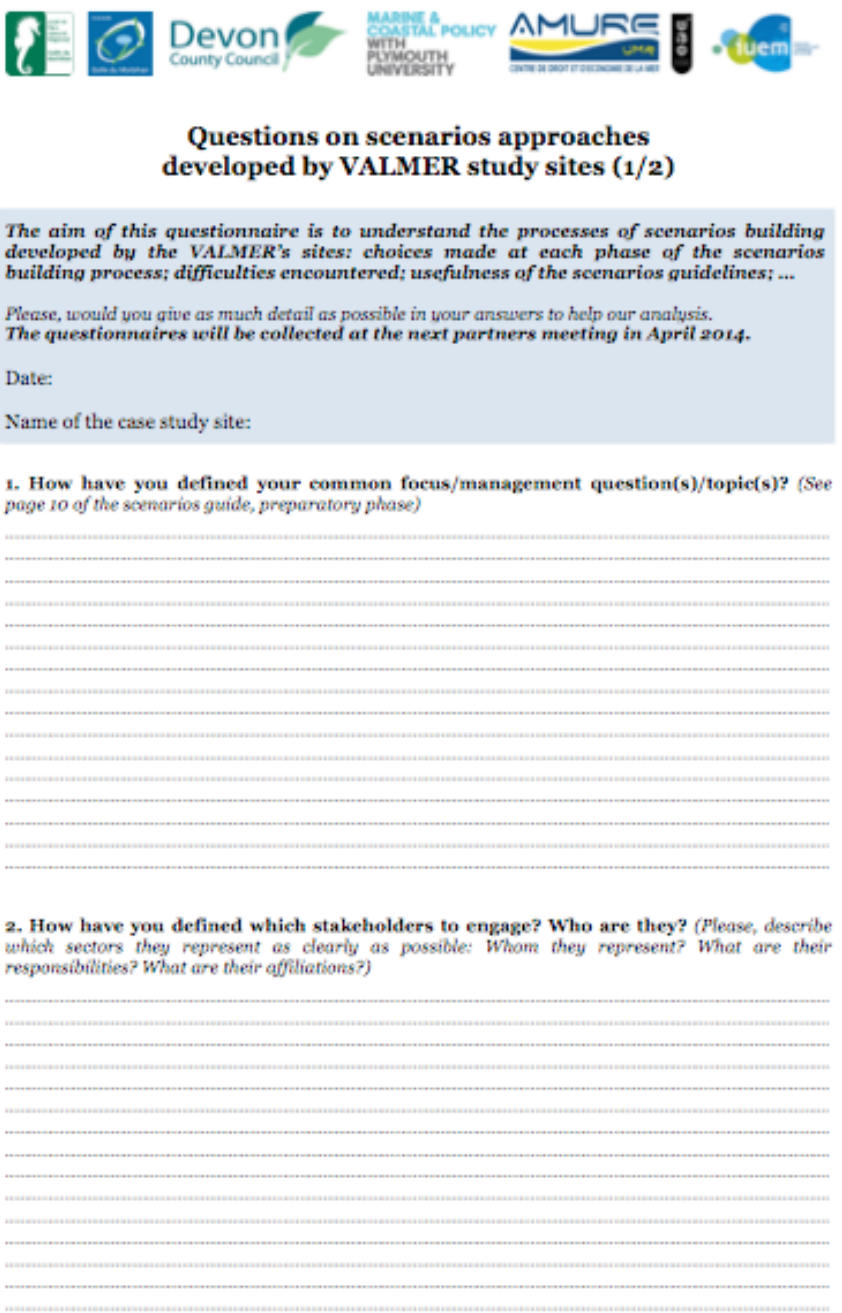
Questionnaires on scenario's development

To understand the processes of scenarios building developed by the VALMER's sites

- How tools have been chosen?
- What were difficulties ?
- Etc.

Part 1 on **choices** (April 2014)
Part 2 on **governance and results** (October 2014)
(DEADLINE → October 2014)

→ Feed the transnational scenario synthesis



Questions on scenarios approaches developed by VALMER study sites (1/2)

The aim of this questionnaire is to understand the processes of scenarios building developed by the VALMER's sites: choices made at each phase of the scenarios building process; difficulties encountered; usefulness of the scenarios guidelines; ...

Please, would you give as much detail as possible in your answers to help our analysis.
The questionnaires will be collected at the next partners meeting in April 2014.

Date:

Name of the case study site:

1. How have you defined your common focus/management question(s)/topic(s)? *(See page 10 of the scenarios guide, preparatory phase)*

2. How have you defined which stakeholders to engage? Who are they? *(Please, describe which sectors they represent as clearly as possible: Whom they represent? What are their responsibilities? What are their affiliations?)*

Next steps (linked with WP4)

1) A sharing visions and recommandations report (→ march 2015)

→ Compilation of visions developed by each case study site

To define:

- Structure of the report
- Compilation of visions provided by the VALMER's sites

2) Transnational stakeholders event

To define:

- Location
- Date
- Format
- Organisation
